**We can and We will
Clean India.**

Sort Out

We should keep only what we really need and remove all that is not needed from our Study table, Home and Class room. We should not throw the waste here and there but put it in Bins only.

Put in order

We should find a proper place for everything that we need and let's not forget to keep everything back at its place once when the work is done.

Shine

It's simple. We must keep Ourselves, Our Home, Our School and Our Neighbourhood Clean and Shining.

Make Rules

We must set rules for cleanliness and stick to the set rules.

Everyday

We should make it our Daily Routine to keep everything Neat and Clean.
